

A decorative graphic on the left side of the slide, consisting of a network of light blue lines and circles that resemble a circuit board or a data network. The lines are of varying thickness and connect to small circles, creating a complex, branching pattern that extends from the top to the bottom of the frame.

PRINTING A PICK TICKET

AKA A YELLOW

Go to the Customers Sales order. If the sales order has not been paid, you can not pull a print ticket. When you pull up the sales order make sure that the location in the item line is the location the will call is being done. This will default to The D/C. Also to the right, you will see what is available at your location.
